## Bachelor of Inf. Tech. Marko Kojić

### Personal data

Date of birth 25.10.1989  
Address 15317 Donja Borina, Mali Zvornik  
Mobile number +381 64 50 40 252  
E-Mail [marko.kojic1989@gmail.com](mailto:marko.kojic1989@gmail.com)  
[marko.kojic@hotmail.rs](mailto:marko.kojic@hotmail.rs)  
Skype [markojic89](https://www.skype.com/user/markojic89)

### Education

Title Professional engineer of information technology, Bachelor's degree  
2008-2012 Visoka škola strukovnih studija za informacione tehnologije, Beograd  
(Information technology school, Belgrade) <http://www.its.edu.rs/>  
2004-2008 Tehnički školski centar, Zvornik, Computer technician

### Working experience

2013-2013 LINK group, C# Programmer, realization of assignments concerning maintenance and expanding functionality on information systems UIS (University Information System of Information Technology School) and CORE (Application for financial calculations and company conduction). After practical work at Soft LINK (child company of the LINK group) team leaders gave me opportunity to work as volunteer (from start of 2013). After 2 months of working, I got three months contract as junior C# developer. I expanded my knowledge of C#, object oriented programming, design patterns, n-tier architecture and databases. Also I met CSLA.NET framework for business application development, commercial UI tools (DevExpress controls) and TFS.

2012-2012 LINK group, C# Software Developer, working in Visual Studio 2010 environment, pair programming, agile development, n-tier architecture (practical work after studies)

2011-2011 Comtrade, Software Test Engineer, testing projects using Selenium IDE tool, writing test cases and writing documentation (practical work during studies)
