- BEST Belgrade (Board of European Students of Technology) represents an unprofitable, apolitical student organization. I'm a member since October 2017. I worked on several projects in a team for corporate relations, and quite successfully. I wanted to take on more responsibility and I applied to be the main organizer of the project called BEST design WEEK. I have gained numerous experiences, such as: creating a project budget, working in a team, sharing responsibilities, negotiating with lecturers, designing workshops, contacting participants, etc.
