

MAJA SKOKO

skoko.maja999@gmail.com | +381655261904 | Starca Vujadina 6 , Belgrade , Serbia 11000

Education

Bachelor of Science: Software Engineering
School of Electrical Engineering | Belgrade, Serbia
September 2016 - October 2020

High School Diploma: Gymnasium
High School, "Pero Slijepcevic" | Gacko, Bosnia and Herzegovina
September 2012 - June 2016

Experience

Student Teaching Assistant 02/2018 - Current
School Of Electrical Engineering | Belgrade

Machine Learning Intern 04/2019 – 07/2019
Saga d.o.o | Belgrade

Shortened internship 09/2018
Schneider Electric DMS | Novi Sad, Serbia
C++, Data structure and algorithms

Summer Course "Create your virtual reality" 07/2017
Vinnytsia National Technical University | Vinnytsia, Ukraine
Unity programming

Projects

- **Project Kosmos**
Social Network website similar to quora in Serbian. Laravel (PHP) is being used for development.
- **Mini OS Kernel**
Small OS Kernel for x86 architecture with multi-thread support, context switch and system calls. Project done in C++.
- **OS Scheduler**
Testing multiple algorithms for OS scheduler like SJF, RR, Priority Scheduling, CFS.
- **Public transport network**
Graph editor and visualizer tool. Project done in C++ and Java.
