I am Computer Science student looking for challenging technical tasks, solving complex problems and learning new technologies. Award-winning competitive programmer.

## Education

- 2019-present **B.S. Computer Science**, *Faculty of Computer Science("Racunarski Fakultet")*, Belgrade, Serbia.
- 2019-present **B.S. Computer Science**, *Faculty of Mathematics, Belgrade University*, Belgrade, Serbia.
- 2018–2019 **Algorithms and data structures course for competitive programming**, *educational center "Korak Napred"*, Belgrade.
- 2015–2019 **Gymnasium "Sveti Sava"**, Belgrade, Serbia.

## Computer Skills

- Programming C++, python, HTML, CSS
- Office Word, Excel, Powerpoint
- other familiar with Agile software development process

## Achievements

- October 2019 **25th place on ACM ICPC SEERC(International collegiate programming contest of Southeastern Europe region)**, Bucharest, Romania.  
The biggest programming contest(Algorithms and Data structures) for students in South-eastern Europe.
- May 2019 **SIO(Serbian Olympiad in Informatics) contestant**, Belgrade, Serbia.  
The biggest programming contest in Serbia where best 4 participants will qualify for IOI(International Olympiad in Informatics)
- April 2019 **Second place on national competition in informatics**, Belgrade, Serbia.

## Experience

- Teaching mathematics and programming basics to primary school students.**
- Other part time jobs.**
